PROJECTS

Jot It Down | https://github.com/RP-LITE/awesome-schedule | https://jotdown.herokuapp.com/
- A scheduling application. Users can create an account as either a business provider or client.
- Providers can create services and clients can schedule appointments on those services.
- Scheduled services show up on the calendar on both client and provider side.
- Role: React FrontEnd / Routing, frontend API
- Tools: MERN Stack, Vite, Tailwind

RPS-Lite | https://github.com/RP-LITE/rp-lite https://rplite.herokuapp.com/
- A simple game in which dogs, cats and squirrels face off in a rock, paper, scissors style game. Live communication between server and client (socket.io). Characters can level up and gain more dynamic combat capabilities.
- Role: Back end routing, front-end logic, handlebars, UI design - creature cards.
- Tools: JavaScript, Node.js, Express.js, handlebars.js, socket.io, MYSQL, sequelize, HTML, CSS, Halfmoon

Quick-Byte | https://github.com/acorbridg/Project1 | https://acorbridg.github.io/Project1/
- Summary: A simple application using the yelp fusion API to randomly generate restaurants nearby.
  Save your favorite restaurants to favorites. Favorites persist through local storage.
- Role: Team Lead and Javascript Engineer
- Tools: HTML, CSS, JavaScript, Bulma, jQuery, Server-Side API

EXPERIENCE

Merchant and Product Development   **2019-Present**
Walker Edison Furniture Company   **Salt Lake City, UT**
Role:

- *Working within a strict Product Development Lifecycle Management structure.*
- *Intermediate to advanced work in Excel (VLookup, Pivot Table, If and Statement)*
- *Comprehensive analysis of internal sales data to create easy-to-read sales reports that could be quickly understood and acted upon.*
- *Adherence to a Product Lifecycle Calendar.*
- *In depth market research on the broader furniture and e-commerce furniture industry. (Market Beyond, import yeti, KWfinder)*
- *Cultivating and maintaining inter-departmental relationships with sales, sourcing, procurement, finance, marketing, planning and transportation to ensure that KPIs are met and exceeded.*
- *Leading meetings with international teams (China, Brazil, UK).*
- *Inventory Management– using product sales trends to predict out of stock items by average sales rate.*
- *Assisting in new product development process initiatives.*
- *Providing forecasting recommendations based on merchandising perspective.*

Key Accomplishments:

- *Lead the charge to develop into a new line of about 40 outdoor products in a time when materials and factory sourcing was very scarce and difficult to work with.*
- *Enhanced sales for product categories (Bedroom, Dining, Outdoor, Entertainment) by maintaining strong inventory and category assortments ~$160 Million in Sales per year.*
